Local & State

25 women from the community served as models, wearing clothing from local retailers. There was also a silent auction. The most popular item was a Mini Goldendoodle puppy named Holly.

Restoration Place Ministries is a [non-profit organization](#) that offers significantly discounted, professional christian counseling services. They feel the high cost of counseling is what keeps many women from getting help. By taking away that barrier, they hope to help as many women as possible. So far ,they have helped more than 1,100 women in the Triad.
